

Principals, School Counselors, Curriculum Directors, Open Enrollment Coordinators, and School Board Members,

Online education is exploding in popularity nationwide and in Wisconsin - and for good reason. It affords students greater choice and flexibility in their education options. Though some students choose to be full-time virtual students, most prefer to stay at their brick and mortar school and are only looking to take a class or two online.

eAchieve Academy offers a Part-Time Partnership Program. We've drastically cut the cost of taking classes through eAchieve Academy on a part-time basis and added extra benefits for schools desiring to partner with us in providing additional curricular options for their students.

Benefits of partnering with eAchieve Academy beyond the high quality education your students will receive include:

- Reduced tuition rate compared to the DPI's Course Options rate.
- 24/7 observer access to grades for resident school monitor.
- Progress reports sent directly to resident school monitor.
- Freedom from Course Options enrollment deadlines.

To enjoy the benefits listed above, resident schools agree to use eAchieve Academy as your primary provider for online courses, promote the partnership and the additional opportunities it affords students and provide eAchieve Academy with the name and contact information of each student's resident school monitor (usually a school counselor) who will monitor progress locally.

Here are some additional pieces of information to help you decide to choose eAchieve as your partner in providing virtual learning options for your students.

- eAchieve Academy is a public school chartered by the School District of Waukesha.
- eAchieve Academy is truly a non-profit school and not "run" by a for-profit entity.
- eAchieve Academy is one of the oldest virtual schools in the state - founded in 2004.
- eAchieve teachers average 5.5 years of online teaching experience.
- All eAchieve teachers are employed by the School District of Waukesha.
- All eAchieve teachers are Wisconsin-certified in the subject areas they teach.
- More than 1,200 students have graduated from eAchieve Academy; that is more than all the other virtual charter schools in Wisconsin combined.
- eAchieve's ACT composite score is consistently higher than the state and national average.
- 72% of eAchieve students who take the AP exams earn a 3, 4, or 5.

I invite you to view our website (<http://www.eAchieve.com>) to find out more about eAchieve Academy, our teachers, our courses, and our academic achievements.

For more information about part-time partnerships and enrollment, please contact our part-time enrollment coordinator, Samantha Castillo, at 262.970.1182.

Sincerely,
Rick Nettesheim, Principal - eAchieve Academy
